*depends on machine type

**Note (for Hapa G2 printers only): The Hapa Advanced and Expert Training sessions refer to and will use the Hapa-developed software Winsoftstep for analyzing tasks to troubleshoot a malfunctioning Hapa printer. The software is not included in the training course fee, but can be bought with the SKU 100-99-91-980B.

This training can also be booked with an **electrical focus**.

Haven't found the perfect training yet? We also offer a Basic Training, Expert Training and Special Trainings.

Contact us at service-sales@hapa.ch and we will give you a quote based on your own machines or customize our training to your individual needs.
